| <b>Development Practices</b> | SOLID Principles, Design Patterns, CI/CD, Agile/Scrum                   |

### PROFESSIONAL EXPERIENCE

---

**NoPaperForms Solutions Limited** (now Meritto)  
Senior Software Engineer

**Remote**

*Nov 2020–June 2026*

- Designed, developed, and maintained scalable enterprise web applications using PHP, Laravel, Python, Django, Angular, MySQL, and AWS.
- Developed and maintained School ERP (PHP/Laravel), UniApply and Collexo (Python/Django), delivering scalable backend solutions for the education domain.
- Built and maintained RESTful APIs for web and mobile applications with secure authentication and third-party integrations.
- Integrated payment gateways including Easebuzz, Razorpay, and Cashfree, along with SMS and Email notification services.
- Optimized database design and SQL queries, improving application performance and API response times.
- Managed AWS deployments, web servers, SSL, cron jobs, queue workers, and production support.

**Intellinects Ventures Pvt. Ltd.**

Senior PHP Developer

**Nashik***Sept 2018–Oct 2020*

- Developed and maintained a multi-tenant School ERP SaaS platform using PHP, Laravel, MySQL, JavaScript, and REST APIs, supporting multiple schools on a single application.
- Designed and implemented core modules including Homework, Messaging & Circular (HMC), Attendance, Fee Management & Online Fee Payment, Examination and Parent Portal.
- Built secure RESTful APIs and integrated payment gateways, SMS, and email notification services for web and mobile applications
- Integrated Airpay, TechProcess, and HDFC Payment Gateway for secure online fee collection and real-time payment status updates.
- Optimized database queries and backend performance to improve scalability and user experience across multiple schools.

**Neumann Systems Consultancy Pvt. Ltd**

PHP Developer

**Nashik***Jan 2016–Aug 2018*

- Joined the organization as a Software Intern and was offered a full-time PHP Developer role based on strong performance and technical contributions.
- Developed and maintained ERP solutions using PHP, Oracle Database, HTML, CSS and JavaScript under the guidance of senior developers.
- Contributed to the development of a Sugar Factory ERP, automating end-to-end sugarcane operations, including Farmer Registration, Harvesting Slip Management, Weighbridge Management, Cane Billing, and Reporting.
- Developed RESTful APIs for Android mobile applications, enabling secure and efficient data exchange with backend systems.

**KEY PROJECTS**

---

**UniApply & Collexo | NoPaperForms Solution Limited | Senior Software Engineer**

- UniApply is an online school discovery and admission platform that enables parents to search, compare, and apply to schools digitally. Collexo is an education finance platform that simplifies fee collection, online payments, payment reconciliation, and financial management for educational institutions.
- **Tech Stack** - Python, Django, MySQL, REST API, AWS
- **URL** - <https://www.collexo.com> / <https://www.uniapply.com>

**Intellipay - Fee Payment System – Intellinects Ventures Pvt Ltd | Senior Software Engineer**

- Intellipay is a secure online fee payment platform for educational institutions that enables schools to collect fees digitally through multiple payment gateways. The platform provides real-time payment status, automated receipt generation, payment reconciliation, refunds, and financial reporting while simplifying fee collection for schools, parents, and administrators.
- **Tech Stack** - PHP, Laravel, MySQL, Angular, AWS, REST API
- **URL** - <https://intellipay.in>

**Sugar Factory ERP | Neumann Systems Consultancy Pvt. Ltd | PHP Developer**

- A comprehensive ERP solution developed for sugar factories to automate and manage end-to-end sugarcane procurement and manufacturing operations. The platform streamlines business processes from farmer registration to cane procurement, weighbridge operations, billing, payments, and management reporting.
- **Tech Stack** – PHP, Oracle, HTML, JQuery.

**EDUCATION**

---

**SAVITRIBAI PHULE PUNE UNIVERSITY**

Master of Computer Application

**Nashik***Jul 2013–April 2016*
